Air Fund

# Take pride in being an active part of the solution to air pollution in the Valley!

**The Community Clean Air Fund gives you an opportunity to make a positive change in air quality.**

## Community Clean Air Fund

The Valley faces serious air-quality challenges, but we are up to the task. We have already made great progress toward cleaning the air, and with the continued participation of Valley residents, we are sure to achieve our goals.

Many people throughout the Valley are taking active measures to live a Healthy Air life, such as carpooling, reducing their vehicle trips, choosing to not use their fireplaces during winter, and other ways to reduce the emissions our lifestyles produce. The Community Clean Air Fund is another way to make a positive change in air quality.

If you can make just one change for cleaner air, we can see even more dramatic results.

### **WHAT IT IS:**

A partnership between the San Joaquin Valley Air Pollution Control District and the Fresno Regional Foundation, a nonprofit group, to reduce air pollution

### **WHAT IT DOES:**

Funds a variety of projects that directly reduce air pollution in the San Joaquin Valley

### **WHEN YOU DONATE TO THE COMMUNITY CLEAN AIR FUND, YOU CAN:**

- \* Designate which types of projects you wish to support.
- \* Designate the geographic region you wish your donation to support.
- \* Deduct your donation from your taxes.

Regular and detailed public reports on Community Clean Air Fund projects are provided. The Community Clean Air Fund is administered with fiscal transparency and responsibility.
